Only

Established in 2003, Dongguan KingsBox Luxury Packaging Co., Ltd. has over 20 years of experience and is the only factory exclusively dedicated to the production of perfume packaging boxes.

Professional Expertise

We have successfully partnered with leading perfume brands in over 30 countries across Europe, the Middle East, and beyond. Our packaging products can be seen on display in their store counters and windows, earning consistent praise from our clients.

Each production line in our factory is specifically designed for perfume packaging. With advanced equipment and sophisticated, complete processes, we are able to handle large, fast orders as well as personalized product demands. Many of our employees boast over 20 years of rich experience in the industry.

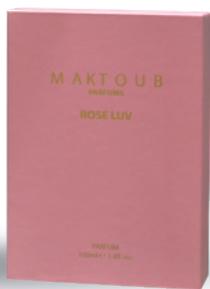

Efficiency

In response to the rise of international e-commerce, we have adopted a fully integrated service model that combines automation, semi-automation, and manual craftsmanship, significantly enhancing production efficiency.
